

SOLUTION FOR: GENERAL PURPOSE HOSE

Lewis-Goetz offers a complete line of general purpose hose for our customers. Our general purpose hose is available in 700 ft. reels which helps to reduce short lengths of hose. This line of hose is competitively priced and available from any one of our 90+ locations.

MARKETS:

These products are utilized in virtually all market segments including: Refining, Petrochemical, Chemical, Oil & Gas, Aggregate and Mining, as well as the Food market.

SAXON:

- Premium multi-purpose heavy-duty to handle: air, water, oil, diesel, and other petroleum based products (not recommended for gasoline).
- Non-conductive, flexible & kink resistant.
- Red RMA class a cover, 4 spiral polyester reinforcement, with a smooth black, extruded NBR (RMA class A) liner.
- 300 PSI/20 BAR up to 1", 1 1/4", 1 1/2", & 2" ID's 250 PSI/17 BAR.

TITON RED:

- High quality multi-purpose hose for handling: air, water, & aqueous solutions.
- Fully conductive ($R < 10^6 \Omega$), flexible & kink resistant.
- Red EPDM cover, 4 spiral polyester reinforcement, with a smooth black extruded EPDM liner.
- 300 PSI/20 BAR up to 1", 1 1/4", 1 1/2", & 2" ID's 200 PSI/15 BAR.

JACK HAMMER:

- Quality for air handling and air tool service.
- Red EPDM cover, 4 spiral polyester reinforcement, with a smooth black extruded EPDM liner.
- 250 PSI/17 BAR working pressure.
- 3/4" ID only, also available in 50 ft sections with crimped on universal fittings.

TITON BLACK:

- High quality multi-purpose hose for handling: air, water, & aqueous solutions.
- Fully conductive ($R < 10^6 \Omega$) flexible & kink resistant.
- Black EPDM cover, 4 spiral polyester reinforcement, with a smooth black extruded EPDM liner.
- 300 PSI/20 BAR up to 1", 1 1/4", 1 1/2", & 2" ID's 200 PSI/15 BAR.

AIR HAMMER:

- Premium high quality hose for many demanding industrial applications.
- Offered in Yellow, Green, Red, & Blue EPDM covers, 4 spiral polyester reinforcement, with a smooth black extruded EPDM liner.
- 300 PSI/20 BAR.
- Available in 3/4" ID only.
- Available in 50 sections with universal fittings crimped on or uncoupled.

PRODUCTS SHOWN ARE MADE IN THE USA

*Superior engineering.
Advanced compounds.
Meticulous manufacturing.*

SOLUTION FOR: GENERAL PURPOSE HOSE

ARBIT:

- High quality multi-purpose hose for handling: air, water, & aqueous solutions under moderate operating conditions.
- Very good for agricultural applications.
- Flexible & kink resistant even at lower temperatures.
- Black EPDM cover, 2 or 4 spiral polyester reinforcement, with a smooth black extruded EPDM liner.
- 200 PSI/15 BAR.

MULTISERV:

- Premium multi-purpose heavy-duty designed to handle: air, water, oil, diesel, and other petroleum based products (not recommended for fuel applications).
- Gray non-marking cover, resistant to oil and grease.
- Multiserv provides very good service as a hot water wash down hose.
- Fully conductive ($R < 10^6 \Omega$) flexible & kink resistant.
- Gray RMA class a cover, 4 spiral polyester reinforcement, with a smooth black, extruded NBR (RMA class A) liner.
- 300 PSI/20 BAR.

GENERAL PURPOSE HOSE COUPLINGS AND ACCESSORIES

COMPLETE ASSORTMENT OF FITTINGS AVAILABLE:

- Universal
- Brass & steel insert
- Camlock (see mfg. guidelines prior to use)
- Quick disconnects
- Crimp on hydraulic style fittings

COUPLING ATTACHMENT OPTIONS:

- Clamps
- Crimped
- Reusable
- Internally expanded

COUPLING ATTACHMENT EQUIPMENT:

- Banding tools
- Crimpers manual as well as power
- Internal expanders
- Externally swaged

REELS:

- Hannay
- Reelcraft
- Coxreel

COMPLETE LINE OF AIR QUICK CONNECTS:

- Industrial
- Automotive
- ARO interchange
- CEJN interchange
- Schrader interchange
- Lincoln interchange
- Bowes interchange
- Thor interchange
- Rectus interchange
- and many more!

ACCESSORIES:

- Filters
- Regulators
- Lubricators
- Gauges
- Blow guns
- Valves
- and many more!
